There are 3 courses offered during the VI ENDO WEEK:

- October 21 - [Vascular Embolization Course](#)
- October 22 - [Endovascular Peripheral Interventions](#)
- October 23 - [Complex Endovascular Aortic Repair \(BREVAR, FEVAR\)](#)

Complex Endovascular Aortic Repair (BREVAR, FEVAR)

This one-day interdisciplinary course is designed to teach practical skills in endovascular treatment of complex aortic pathologies. The attendees can practice endovascular techniques in small groups on dedicated virtual simulators. The main focus is lying on different techniques, devices and the decision making process. For the simulator training sessions experienced tutors are available. The course is aimed for advanced vascular surgeons.

Course Content

- To learn indications for treatment in complex aortic disease and the scientific evidence
- To learn endovascular materials and tools
- To learn the workflow of FEVAR and BREVAR in complex aortic disease
- To learn different techniques in special situations
- To learn complication management and follow-up of patients
- To practice on sizing software
- To practice on virtual training simulators

Program

08.45-09.00	Registration
09.00-09.15	Welcome, Introduction, course targets
09.15-09.45	Indication for treatment, decision-making process, scientific evidence
09.45-10.15	Knowledge of materials and tools; stentgrafts and bridging stents
10.15-10.45	Break
10.45-11.15	Demonstration of sizing software; Case discussions (case in the box)
11.15-11.45	Workflow of FEVAR and BREVAR
11.45-12.30	Complication management and follow-up of patients
12.30-13.15	Lunch
13.15-16.45	Practical exercises on training simulators and case discussions in four groups – rotation (45 min per station, one tutor each station, depending on number of participants): Station 1: simulation training 1 Station 2: simulation training 2
14.45-15.15	Break Station 3: case discussions, case in the box Station 4: case discussions, case in the box
17.00-17.30	Discussion, Feedback session
17.30	End of course

Target Group

Vascular surgeons
Interventional Angiologists and
Radiologists
